

## **Cancellation of Treasury Shares and Decrease of Share Capital**

**Amsterdam, Netherlands, 8 April 2016** – Nord Gold N.V. (“Nordgold” or the “Company”, LSE: NORD), the internationally diversified low-cost gold producer, announces that a total of 425,210 GDRs, which were purchased in accordance with the share buyback programmes on 11 December 2015 – 24 February 2016, have been withdrawn from the GDR programme and the treasury shares representing such GDRs subsequently cancelled on April 7, 2016.

Following this transaction, the Company’s entire issued share capital as at April 7, 2016 consists of 370,396,229 ordinary shares.

Following the decrease in the issued share capital of Nordgold, the Company has registered an increase of indirect majority shareholder and non-executive director of the Company Mr. Mordashov’s interest in the Company’s share capital to 90.73% from 90.63%. The Company’s freefloat has decreased to 9.25% from 9.36%.

On February 24, 2015, the Board approved a share and GDR buyback programme for up to 19,000,000 shares/GDRs to a maximum total amount of US\$30 million at a price of up to US\$4.0 per share/GDR. 2015 buyback programme ended on December 31, 2015.

On November 17, 2015, the Board approved new GDR buyback programme for up to 5,000,000 GDRs to a maximum total amount of US\$15 million at a price of up to US\$5.0 per share/GDR. The buyback programme will end as soon as the aggregate purchase price of GDRs acquired by the Company has reached the amount of US\$15 million or ultimately, by November 17, 2016.

### **About Nordgold**

**Nordgold (LSE: NORD)** is an internationally diversified low-cost gold producer established in 2007 and publicly traded on the London Stock Exchange. Nordgold has a proven track record of operational excellence and benefits from a significant international development pipeline. The company is relentlessly focused on shareholder value, committed to running safe, efficient, profitable operations, which enable it to generate strong cashflows and in turn, continue to invest in its pipeline of new growth opportunities while generating returns for investors. In 2015, Nordgold produced 950 koz of gold with all-in sustaining costs of US\$793 per ounce, maintaining its position at the lower end of the global cost curve.

Nordgold operates 9 mines (5 in Russia, 2 in Burkina Faso and one each in Guinea and Kazakhstan). It has 2 active development projects (Bouly in Burkina Faso and Gross in Russia), 4 advanced exploration projects and a diverse portfolio of early-stage exploration projects and licences in Burkina Faso, Russia, French Guiana and Canada. Nordgold employs over 8,000 people.

## Cautionary Note Regarding Forward-Looking Statements

*Certain information contained in this press release, including any information as to Nordgold's estimates, strategy, projects, plans, prospects, future outlook, anticipated events or results or future financial or operating performance and production, may constitute "forward-looking information" within the meaning of Canadian securities laws. All statements, other than statements of historical fact, constitute forward-looking information. Forward-looking information can often, but not always, be identified by the use of words such as "plans", "expects", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates", "predicts", "potential", "continue" or "believes", or variations (including negative variations) of such words, or statements that certain actions, events or results "may", "could", "would", "should", "might", "potential to", or "will" be taken, occur or be achieved or other similar expressions concerning matters that are not historical facts. The purpose of forward-looking information is to provide the reader with information about management's expectations and plans. Readers are cautioned that forward-looking statements are not guarantees of future performance. All forward-looking statements made or incorporated in this press release are qualified by these cautionary statements.*

*Forward-looking information involves significant risks, assumptions, uncertainties and other factors that may cause actual future realities or anticipated events to differ materially from those expressed or implied in any forward-looking information and, accordingly, should not be read as guarantees of future performance or realities. Material factors or assumptions that were applied in formulating the forward-looking information contained herein include the assumption that the business and economic conditions affecting Nordgold's operations will continue substantially in their current state, including, without limitation, with respect to industry conditions, general levels of economic activity, market prices for gold, competition for and scarcity of gold mine assets, achievement of anticipated mineral reserve and mineral resource tonnages or grades, ability to develop additional mineral reserves, acquisition of funding for capital expenditures, adequacy and availability of production, processing and product delivery infrastructure, electricity costs, continuity and availability of personnel and third party service providers, local and international laws and regulations, foreign currency exchange rates and interest rates, inflation, taxes, and that there will be no unplanned material changes to Nordgold's facilities, equipment, customer and employee relations and credit arrangements. Nordgold cautions that the foregoing list of material factors and assumptions is not exhaustive. Many of these assumptions are based on factors and events that are not within the control of Nordgold and there is no assurance that they will prove correct. The risks and other factors that may cause actual future realities or anticipated events to differ materially from those expressed or implied in any forward-looking information include, but are not limited to Nordgold's ability to execute its development and exploration programs; the financial and operational performance of Nordgold; civil disturbance, armed conflict or security issues at the mineral projects of Nordgold; political*

*factors; the capital requirements associated with operations; dependence on key personnel; compliance with environmental regulations; estimated production; and competition.*

*Actual performance or achievement could differ materially from that expressed in, or implied by, any forward-looking information in this press release and, accordingly, investors should not place undue reliance on any such forward-looking information. Further, any forward-looking information speaks only as of the date on which such statement is made, and Nordgold does not undertake any obligation to update any forward-looking information to reflect information, events, results, circumstances or realities after the date on which such statement is made or to reflect the occurrence of unanticipated events, except as required by applicable Canadian securities laws. All forward-looking information contained in this press release is qualified by such cautionary statements. New risk factors emerge from time to time, and it is not possible for management to predict all of such risk factors and to assess in advance the impact of each such factor on Nordgold's business or the extent to which any factor, or combination of factors, may cause actual realities to differ materially from those contained in any forward-looking information.*
